

The Action Plot

Book:

Author:

Date:

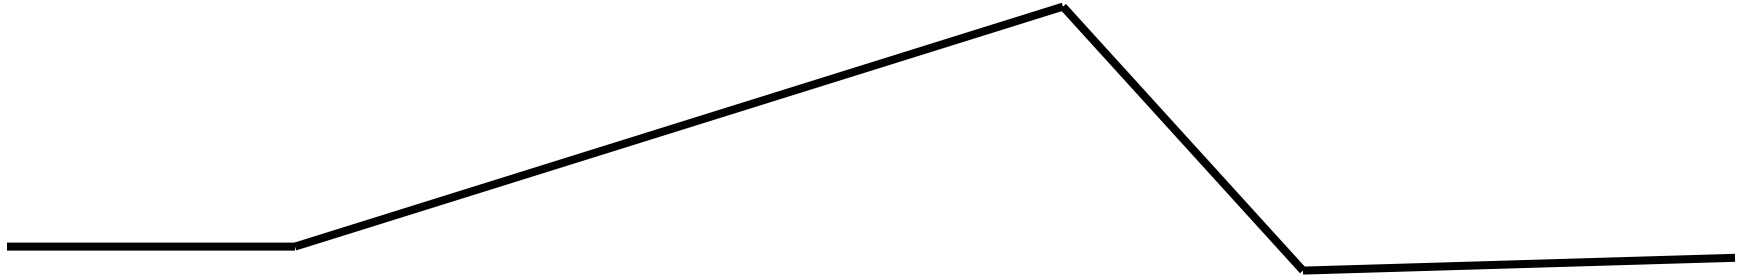

EXPOSITION

RISING ACTION

CRISIS

FALLING ACTION

DENOUEMENT

Along the bottom of the action diagram, chart the action as it develops. You may turn the page sideways, so that this box is to your right and at the top describe the exposition (setting) in the first chapter(s). Work down the page chapter by chapter listing the main event of each chapter or section. If the chapters do not line up perfectly with the action diagram, use arrows to show where they would go.
